🏛 **Your task is to choose a hotel out of the eight to stay for a night, and make a short talk.**

Comparing with the two hotels, Brisbane City YHA and Riverside Hotel SouthBank, I decided to choose Riverside Hotel for my trip in Brisbane. There are 3 reasons:

First, although both hotels are farther away from the City Hall than the others, it is convenient to take a bus to the City Hall. So, I don't mind it. And both of the prices of the rooms are good. The price of Riverside Hotel is a little higher, and it can not be refunded. However, the room size is larger, and it looks clean and clear. I will feel more comfortable.

Next, there are some nice restaurants around. The food looks yummy, and it makes me happy.

Last, I like arts. There are most museums, art galleries, and a state library around. I feel excited.

Therefore, Riverside Hotel SouthBank is the best choice for me to stay for a night in Brisbane.
