I stopped to play with it and I thought it liked me. "Does it have a home?" I wondered. So I decided to ask the clerk whose dog it was. I thought if the dog didn't have an owner, I might take it home and take care of it. "It's my dog," said the young girl. "She's waiting for me to finish my work. Weight control is very popular these days. People hope to become thin quickly. Some even take medicine without a doctor's prescription. But reports show that although many of them do lose weight, they soon gain it back or gain even more.

So how can you safely control your weight? Diet and exercise are the answers. Eat only when you are hungry and eat only food that is good for your health. Never just stop eating; doing so can make you feel even hungrier, and you will eat more. Also, it is better to prepare your own food instead of eating out. And think about changing your lifestyle. For example, turn off the TV and the computer and get some exercise every day. But remember: Don't be too strict with yourself. Give yourself some time to find the best way to control your weight.
